

FACULTY POSITION IN BIOENGINEERING

The Department of Bioengineering in the College of Engineering at the University of California, Berkeley invites applications for a tenure-track or tenured position at the assistant, associate or full professor level in bioengineering, with an expected start date of July 1, 2015.

The Berkeley Department of Bioengineering is at the forefront of integrating engineering, biological sciences, and translational medicine to discover fundamental principles of biological systems and develop clinical technologies that advance healthcare. In addition to strong ties with other departments in the College of Engineering, the Department enjoys close relationships with the faculty of biological sciences and chemistry at UC Berkeley, as well as the School of Medicine at the University of California, San Francisco (UCSF). Our interdisciplinary program offers outstanding opportunities for collaboration with distinguished researchers at UC Berkeley, UC San Francisco, the Lawrence Berkeley National Laboratory, and within the greater Bay Area biotech community. This exceptional environment for teaching and research in the rapidly growing field of bioengineering will provide the successful candidate with unique opportunities for intellectual and technological leadership.

Applications from candidates in all areas of bioengineering will be considered. Areas of particular interest include translational engineering, including but not limited to regenerative engineering, medical devices, and novel healthcare technologies, including mobile medicine. Applicants for the Assistant Professor position must have completed all degree requirements for the Ph.D. or equivalent degree with the exception of dissertation at the time of application. Ph.D. or equivalent degree must be completed within one year of start date. Applicants for the Associate or Full Professor position must have a completed Ph.D. or equivalent degree at the time of application. Additional qualifications include evidence of outstanding scholarship within a relevant discipline and a commitment to working in an inclusive environment. The successful applicant will be expected to teach undergraduate and graduate courses in bioengineering and have a strong commitment to excellence in teaching and leadership. To learn more about our department please visit <http://bioeng.berkeley.edu>.

Applications should be submitted online at <https://aprecruit.berkeley.edu/apply/JPF00520>.

Candidates applying at the **non-tenure level** should submit the following materials for a complete application:

- Your most recently updated Curriculum Vitae
- A cover letter describing your interest
- A statement of research
- Three publications
- Three to five letters of recommendation

Candidates applying at the **tenure level** should submit the following materials for a complete application:

- Your most recently updated Curriculum Vitae
- A cover letter describing your interest

Additionally, please provide contact information for 3 - 5 referees, but do not request the letters through the system - we will only contact your referees if you are a finalist for the position, and we will seek your permission before doing so. *Please note that your application will appear incomplete when you do not request the letters but will receive full consideration*

All letters will be treated as confidential per University of California policy and California state law. Please refer potential referees, including when letters are provided via a third party (i.e., dossier service or career center), to the UC Berkeley statement of confidentiality (<http://apo.berkeley.edu/evalltr.html>) prior to submitting their letters.

The deadline for applications is December 1, 2014. Candidates will be reviewed on an ongoing basis, and early application is recommended. Please direct questions to the Chair of the Search Committee at bioe_search@berkeley.edu

The University of California is an Equal Opportunity/Affirmative Action Employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability, age, or protected veteran status. For the complete University of California nondiscrimination and affirmative action policy see:

<http://policy.ucop.edu/doc/4000376/NondiscrimAffirmAct> The department seeks candidates whose research, teaching, or service has prepared them to contribute to our commitment to diversity and inclusion in higher education. The department is also committed to addressing the family needs of faculty, including dual career couples and single parents. For more information please go the CALcierge web site at <http://calcierge.berkeley.edu/>.
