

# The Pasteur - Paris University International Doctoral Program

## *An international PhD program in Life Sciences and Biomedicine*

### Call for 2013

A first rate PhD program in the exciting, dynamic and interactive research environment of the Institut Pasteur in collaboration with Parisian universities. The PhD program targets students holding a Master's degree (or equivalent) in science, medicine or related fields from a non-French university.

- › Improving public health and welfare through scientific discovery
- › Quest for knowledge beyond the frontiers of biological sciences
- › Satisfying scientific curiosity in a dynamic research environment
- › State-of-the-art technology platforms
- › A three years stipend covering living expenses and social benefits
- › Assistance with housing and visas
- › Tailored courses and training to high proficiency
- › Close scientific supervision
- › Interactive environment for collaborations
- › Dedicated student club for science and social activities
